

VCD 133180 ED 18 series

Features

- Galvanized steel electro coated black housing
- Galvanized steel wheel
- Double inlet
- DC input EC motor
- operating temp.: -25~+60 °C
- PWM speed control (0-10VDC, 1~10kHz)
- Tachometer output signal
- Polarity and locked rotor protection
- IP class: IP 44
- Electrical insulation class: B
- Weight: 3.5 kg

Model	Voltage VDC	Current A	Input Power W	Speed RPM	Airflow m ³ /h	Static pressure mmH ₂ O	Sound level dBA
